ALL AMERICAN GLADS

BEN HUR (354-1962) A seedling of Spic and Span X Burma. Like Spic and Span It makes a perfect spike, opening 8 ruffled bloom, in medium rose pink on long flower heads on good plants.

CHINA BLUE (571-1961) Just because a glad is called an All American, does not necessarily make it a super glad. Some so called All Americans are not outstanding to say the least but CHINA BLUE is really worthy being called an All American glad, in fact I would designate it the "most beautiful blue" available today and perhaps the most beautiful All American so far. Makes big husky perfect spikes with 6-8 beautiful heavy textured ruffled bloom open on 18-20 bud flower heads. Blooms in 85 days. 5XX variety.

HORIZON (460-1962) Tall light rose, which opens 6-8 of it's 22-26 buds at a time in perfect formation on strong plants. Is practically plain petaled. Blooms in 85 days.

LANDMARK (510-1960) An outstanding giant cream, which is truly worthy to carry the designation "All American". Makes tall husky plants, easily opening 10 or more perfectly placed and well attached ruffled bloom on 22 bud flower heads. Blooms in 85 days. 5XX variety.

THUNDERBIRD (434-1962) Neatly ruffled Spic and Span seedling in deep salmon persimmon. From its illustrious parent Spic and Span it has inherited the ability to produce Champion caliber spikes. Blooms in 85 days.

TESTIMONIALS

I like SWEETEST MAID and SUMATRA real well. They are among the very best ones of the 185 varieties I grew last year. CONGO and HIT PARADE are good too. GRETCHEN is one of the loveliest glads we have, so dainty.—M. D. Hathaway, Iowa.

I would like to tell you how pleased I was with your glads. I have grown glads for many years but only last year did I realize what I had been missing. Last year I planted only your glads and I have never seen anything like the results that were obtained. They were undoubtedly the most beautiful glads I have ever seen and everyone who saw them commented on the beauty of them. HIT PARADE is the best glad I have seen. It is simply amazing the way it grows from small bulbs. MAIN-LINER is a top notch glad with exceptional good color and SWEETEST MAID is most beautiful. I won't take up more of your time except to say I am exceptionally well pleased with your bulbs.—David G. Starr, University of South Carolina.

KATHY, SWEETEST MAID and CONGO were probably the best performers I had last year. The only one that did better was HIT PARADE. I never dreamed that a glad could be so beautiful and grow so good. I purchased 10 bulbs of Hit Parade two years ago and now have over 100. It won two blue ribbons at the shows. I have made up my mind that if I purchase your originations I cannot go wrong.—Paul Trinkl, N. Y.

1962 INTRODUCTIONS

ACHIEVEMENT

(464 Lins 1962)

Derived from — Treasure Island, Evangeline, Dream Castle, Elizabeth The Queen, Elmers Rose, Orchid Marvel

This new lavender seems to have all the best qualities of the varieties figuring in it's parentage and added some of it's own.

- ✓ Plants are tall and non crooking.
- ✓ Long flower heads of 18-22 buds.
- ✓ Floret placement and attachment perfect.
- ✓ Ruffled bloom in warm clean lavender.
- ✓ Produces many bulblets. which germinate easily.
- ✓ Blooms midseason.

Those experienced growers who had an opportunity to try this, gave it their endorsement and urged it's introduction. One cataloger wrote it was about the best lavender in his 1961 planting.

MADRID

(324 Lins 1962)

Parentage (Flame Girl X Trocadero)

For the utmost in brilliant unusual color, the nomination goes to Madrid. The brilliant luminous orange seems to be illuminated as though fluorescent.

The most unusual color novelty we know of.

Blooms early midseason on good 4 foot plants.

ORIENT

(424 Lins 1962)

Parentage (Trocadero X Regina)

This is another new orange, which for dignified beauty is in a class by itself.

A rich clean creamy orange, deeper in color than the yellow orange of Regina but lighter than Trocadero.

Orient is more beautiful than either of its parents.

The heavy textured bloom is well formed and ruffled. The color is so lovely, even the most discriminating will appreciate it.

Blooms early midseason on good 4 foot plants.

RECENT INTRODUCTIONS

ARTISTIC

(260 Lins 1961)

Parentage (Cinderella X White Satin)

After seeing a few hundred Artistic bloom last season, we are convinced this is one of the best miniatures.

Color is a refined pastel. The inner $\frac{1}{2}$ of the ruffled, heavy textured bloom is creamy white, the outer $\frac{1}{2}$ is lavender. Opens 6 on 16-17 bud $3\frac{1}{2}$ foot spikes. Being a face up, this is excellent arrangement material, as no matter at what angle the face-ups are placed in an arrangement, the bloom looks right at you. 5XX variety.

CONGO

(558 Lins)

Parentage (Black Panther and Royal Robes)

Congo is one of the super glads, hard to beat for any purpose. At our retail flower shop, our retail and wholesale customers picked up Congo whenever it was available, even at premium prices.

This deep maroon, arranged with yellow glads or mums, makes a thrilling show. Due to its heavy texture, the bloom lasts exceptionally long.

Congo is regarded by experts as the best giant maroon. Grows 55 inches tall. Opens 8 5½-6 inch well attached, wide open, always perfectly placed bloom with 8 in color on 23 bud flower heads.

Now that Congo is in better supply and the price in the popular bracket, everybody can enjoy Congo in quantity.

5XX variety. Be sure to grow Congo this year.

EXQUISITE

(330 Lins 1959)

Parentage (Bo Peep X Seedling)

Last season we had this in large enough quantity to fully appraise it. Also had it appraised by leading florists. The consensus of opinion is that this exquisite beauty is properly named. The 4 foot plants are good and the color and form are truly exquisite. Ruffled clean light salmon. 5XX variety.

FOLLIES

(231 - 331 Lins 1959)

Parentage (Bo Peep and Seedling)

Last summer was the first time we had Follies in quantity and what a thrill it was to have so beautiful a glad bloom so early, in fact it was the first variety to bloom in quantity here, although it was planted two weeks later than many other varieties. Last summer, also, was the first time Twin City florists had an opportunity to use Follies in arrangements. Needless to say it made a hit everywhere where the smaller flowers are appreciated.

Follies is heavily ruffled. Peach pink with contrasty red blotches. 6-8 wide open, perfectly placed bloom on 16 bud medium height plants.

Be sure to grow Follies. Good for any purpose. 5XX variety.

HIT PARADE

(364 Lins)

Parentage (Wedgwood X Eliz. The Queen) X (Crystal X Myrna)

Beautiful ruffled deep lavender, which is regarded by experts as one of three or four top lavenders. For commercial cutflower flower purposes, nothing beats HIT PARDE. You can go down the row and cut every spike—all top quality.

Very few glads possess as many desired qualities as Hit Parade. First it blooms early. Makes about 100% perfect spikes. Needs no pampering to produce top quality spikes. Is a tremendous propagator. Bulbs are healthy. The bloom is ruffled, deep lavender.

Available stock now allows listing Hit Parade at popular prices.

If you are a cutflower grower and do not grow Hit Parade. better get on the band wagon and furnish your customers cut Hit Parade. They will appreciate it. Why bother growing a variety which produces only 50% good spikes, when you can grow a 100% producer.

IRRESISTABLE

(360 Lins)

Parentage (Wedgwood X Elizabeth The Queen) X (Crystal X Myrna)

A sister seedling of Hit Parade which we formerly second rated because it did not grow as tall as Hit Parade, however we noted that whenever we had cut bloom of this to offer, florists and retail customers remarked about its beauty and took everything we had of this.

It is a beautiful ruffled pinky lavender blending to pale throat. Substance, form and color penetration are perfect. Last season this was one of our best varieties in our cutflower field. This, arranged with a pale yellow like Far East, makes a fine combination.

PARADISE HYBRIDS

Bird of Paradise is one of the most popular novelties and demand for it continues unabated.

These new hybrids are new versions in different colors. Paradise Hybrids are an entirely new type. They have flat wide open Poinsettia shaped blossoms, all petals being about equal size. They have a pink or red ring in the center of the flower and have bent stamens.

Because these new versions are not too large, they are the last word for arrangements. Arrangements made of Paradise Hybrids remain presentable a long time because the bloom being face up, can be placed at any angle, plus the fact they have thick ruffly buds and not too long flower heads, therefore as the bloom wilts, the next newly opened bloom hides the just wilted bloom. There is always a presentation of fresh open bloom.

For corsages, just pin them on. They are as beautiful as an orchid.

TESTIMONIALS

We have 180 varieties of named glads. All from your glad farm and are very proud of the display when same is in bloom. This is a private garden and right now April 30th, there are some 6,000 daffodils in bloom, to be followed by over 9,000 tulips and then the glads will follow our lily "field". So you share well in our garden.—Everett W. Hill, Montana.

I could not send out this order without a word of praise for your beautiful glads that I purchased the past year. Very hard to say which were the most beautiful, however our biggest thrill were the 4X SEEDLINGS, they were simply beautiful, just all shades and two tones.—Mrs. John A. Werges, Wisconsin.

Miniature and Small Glads

- ARTISTIC** (260 Lins 1961) A new face up ruffled miniature. The inner $\frac{1}{2}$ of the heavy textured bloom is creamy white. The outer $\frac{1}{2}$ is lavender. Very delicate refined color and one of the best miniatures, for any purpose. 5XX variety.
L 50c, 5 for \$2.00; M 35c, 5 for \$1.40; Bts. 5 for 30c, 100 for \$4.50
- ATOM** (236 Hedgcock) Popular bright red miniature. Petal edges bordered white. Blooms early. L 2 for 35c; 10 Assorted Sizes for \$1.00
- BAMBI** (204 Pierce) Ruffled deep green, stippled orange. One of the most popular in this color. L or M 25c
- BAMBINO** (246 Lins 1961) Bright red with prominent yellow throat. Opens eight perfectly placed 3 inch florets on thin straight 40 inch spikes. For exhibition and arrangements. L 50c, 5 for \$2.00; M 35c, 5 for \$1.40; Bts. 3 for 25c, 10 for 50c
- COOPERII** (204 Species) One of the rare species. Tall thin stemmed plants, bearing flowers in an unusual shade of light greenish brown. Arrangers find this interesting material. By bending the petals back, arrangers make the bloom look like CYMBIDIUM ORCHIDS. Suggest getting this while it is still available. Show your friends what the original glads looked like.
2 for 35c; 10 Assorted for \$1.00
- DUSKY LAD** (Roberts 286-386) Flaring butterfly florets in an unusual contrasty combination of deep brown, yellow and other hazy colors. Nothing just like Dusky Lad. L 30c; M 20c
- FOLLIES** (231-331 Lins 1959) An exciting new miniature which is bound to become popular. Very ruffled heavy textured wide open apricot pink with bright orange blotches. Opens 6-8 butterfly bloom on 16 bud medium height plants. One of the finest for arrangements. Blooms very early. 5XX variety.
L 25c, 5 for \$1.00; M 15c, 5 for 60c; Bts. 10 for 25c
- GRETCHEN** (210-310 Lins) One of the sweetest glads. Ruffled and beautifully formed. Greenish cream. Blooms very early. Excellent cutflower and nothing better for arrangements. 5XX variety.
L 2 for 35c, 5 for 60c; M 3 for 35c, 10 Assorted \$1.00
- IMPROVED LACINATUS** (Kunderd) Narrow sharply lacinated rose pink petals. We have little stock of this. Suggest getting this while it is still available. We may not have enough left to offer it in the future. M and S Assorted, 5 for 50c
- JINGLES** (230 Lins) Heavy textured waxy ruffled salmon and white. 2 for 35c
- LITTLE GOLD** (216 Fischer) One of the grandest colors. Rich deep pure yellow. Highlights any arrangement. One of the parents of KATHY. 5XX variety.
L 2 for 35c; M 3 for 35c
- LAVENDER PETUNIA** (265 Marek) Cute, thin stemmed lavender rose with white throat. Showy. M 2 for 35c
- MOMBO** (247 Lins 1961) Unusual new miniature both in color and form. A deep red star overlays a larger bright yellow star. The yellow star and recurved petal edges are bordered $\frac{1}{4}$ to $\frac{1}{2}$ inch in bright red. Opens 6 of these $2\frac{1}{2}$ inch butterfly florets on 16 bud 40 inch thin spikes. Nothing just like Mombo.
L 50c, 5 for \$2.00; M 35c, 5 for \$1.40; Bts. 3 for 25c, 10 for 50c
- MELODIE** (331 K & M) One of the finest. Rich warm pink with velvety red blotches. One of the so called butterfly glads, which is really good.
L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00
- RED BUTTONS** (146 Koerner) Tiny pure red which usually wins in its class.
L or M 2 for 35c, 5 for 70c; 10 M for \$1.00
- RENAE** (240 Lins 1960) Delicately colored miniature. The 3 outer petals are pale pink, the 3 inner petals are pale pink and pale yellow. Stamens are pink.
L 50c; M 30c

Miniature and Small Glads

ST. PAUL (246 Koerner) One of Mr. Koerner's best originations. Bright red with sharply cut in petal edges. Fine for arrangements.
L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

SPARKLING GEM (248 Sommer 1961) A new miniature in velvety deep red and golden throat with narrow yellow border around petal edges. Won commendation award with B plus rating. 35c

TOYTOWN (226 Butt) Miniatures come and go but TOYTOWN still remains a great favorite. Perhaps one of the 10 real lovely miniatures. Good for any purpose. Heavily ruffled brilliant orange scarlet, blending to orange yellow throat. An arrangement using this and Gretchen is really pleasing.
L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

TOGA (266 Heuer) Heavy textured ruffled face up glowing purple. 25c

WHITE SATIN (100 Koerner) The best face up white miniature. These face ups are the easiest to use in arrangements. 2 for 35c, 5 for 70c

TESTIMONIALS

Of all the bulbs I purchased this year, must say that LINS GLADS were tops. APRICOT BEAUTY, PAINTED LADY AND SWEETEST MAID AND BROWN LULLABY were all outstanding.—Mildred Colberg, Minnesota.

My SWEETEST MAID are blooming now. They are the prettiest glads I have ever grown or seen anywhere.—Mrs. W. H. Moon, Georgia.

I have just visited the Shubert's and was so impressed by his growth of glads. He said that he got his glads from you. Would you send me your 1962 catalog.—Bill Mueller, Wisconsin.

While visiting gardens in our vicinity I saw a gorgeous array of your glads. Would you please send me your catalog. I know the garden club I belong to would also appreciate it.—Mrs. Meyers Nelson, Montana.

GREEN MEADOW is surely O.K. I used it to the limit in hybridizing. Also TECHNICOLOR is all that one could ask for.—A. W. Robinson, Vermont.

Must comment on the bulbs purchased from you last year. I have very beautiful blooms. Many comments on the tall spikes.—Mrs. G. C. Henson, Arkansas.

I am delighted with all the bulbs you sent me. The past two years it has been a pleasure to grow GRETCHEN. It is very lovely and a good performer and doesn't mind our hot dry summers.—Mrs. Hall Pierce, California.

GRETCHEN is one of my favorites.—Katherine G. Thompson, Virginia.

I have had some real beauties from you, among them GRETCHEN AND SUMATRA.—Mrs. John Zeller, South Dakota.

We were captivated by IRRESISTABLE and CHRISTMAS COURT. It was very tall with a lot of buds.—Miss E. M. Stone, Minnesota.

I suppose you receive a great many letters from customers telling of their satisfaction with your glads. Nevertheless I must thank you for your generous handling of my order. It surely gives one a good feeling to do business with a grower who takes his customers into such consideration.—M. R. Hunt, Wisconsin.

Have grown your TREASURE CHEST and think them wonderful glads.—Mrs. Selmer Salem, Minnesota.

PINKS AND SALMONS

SWEETEST MAID

(530 Lins)

Extremely ruffled flat wide open bloom in delicate salmon. Blooms late midseason. Generally regarded as one of the most beautiful glads.

L 2 for 35c

M 3 for 35c, 10 for \$1.00

CIRCUS (335 Roberts) A wonderful variety. Spikes are perfect in every way. The perfect ruffled bloom is a combination of deep salmon and yellow. The yellow covers most of the lower half of the flower. This may not sound exceptional but Circus is an exceptionally beautiful variety which makes a grand spike with 10 open on 20 bud perfect spikes and in a grand color combination. 5XX variety in every way.

Small 25c

CORAL ACE (534 Bunn) A rich deep salmon pink with contrasty burnt orange blotch. The bloom is well formed and the plants are good. Altogether a desirable variety. 20c

ENCHANTRESS (442 Roberts 1960) Rates among the most beautiful glads. Very ruffled pure light pink with snow white lip. 6-7 of these exquisite ruffled and fluted bloom on tall perfect spikes. Besides all this beauty, this is among the first to bloom. 5XX variety. Large \$1.50

EXQUISITE (330 Lins 1959) Another exceptionally beautiful ruffled and fluted pure light salmon pink. Florets are beautifully formed and richly colored. 6-7 of these wide open beauties on well proportioned medium height perfect plants, with good flower heads of 17-18 buds. 5XX variety.
L 30c, 5 for \$1.20; M 20c, 5 for 80c

GARDEN PARTY (442 Lins 1961) A rich beautiful shade in warm deep pink with snow white lip. Has a raised white line on each petal. 7 of these wide open bloom on long flower heads on 50 inch plants. Still scarce. 5XX variety.
L \$1.00; M 50c

GEM STATE (343 Roberts) If you want to win the grand champion ribbon, consider Gem State. Regularly opens 10 or more light pink, somewhat frilled bloom on medium tall perfect plants. Plant this early. Blooms in 100 days. 5XX variety. L 50c; M 35c, 5 for \$1.40; Bts. 10 for 50c

MARJORIE NADEAN (542 Blanden 1959) From Australia comes this huge warm salmony pink. Has an enviable show record overseas. Opens 7-10 bloom on long flower heads on good stretchy spikes. L \$1.25

Pinks and Salmons

MOZART (434 Lins) When we introduced this we did not realize that its foliage was deficient in chlorophyll. On this account we did not list it in 1961, however by 1961 spring we had several thousand No. 3 bulbs of Mozart, which were planted in our cutflower field. As these grew we could spot the row from afar. Its foliage was not as green as the other varieties. Finally Mozart came into bloom and what a sight. Tall straight plants with long flower heads with beautiful ruffled, heavy textured deep salmon bloom. Most made perfect spikes. It turned out to be one of our best cut flowers. The cut spikes showed no lack of anything.

Now that we have plenty stock of this, we are offering it in the popular price bracket for trial. We feel that in spite of its chlorophyll deficiency, it nevertheless is a good cut flower. L 2 for 35c, 10 Assorted M and L for \$1.00

NEAPOLITAN (345 Rupert 1961) Ruffled deep begonia pink with cream throat and reddish brown blotch. 8 wide open ruffled bloom on 30 inch 25 bud flower heads on 5 foot plants. Showy and beautiful. 95 days. 5XX variety. L \$1.00; M 75c

NEW YORKER (440 Graff) Formal spike like Spic and Span in ruffled deep pink. A spike of this looks so much like a perfect Spic and Span, that we wonder if this is perhaps a specimen selection of the famous Spic and Span, rather than a seedling of it. Whatever it is, it makes good spikes. L 2 for 35c; M 3 for 35c

RUFFLED MARVEL (430 Lins) Ruffled, heavy textured pure salmon pink. 8 open on 20 bud heads on tall sturdy plants. L 2 for 35c; M 3 for 35c, 10 for \$1.00

STREAMLINER (440 Lins 1959) Wide open ruffled pure pink. Color is just a little warmer pink than that of Friendship but the bloom is much larger and the plant much taller. Tall straight plants with long flower heads. Blooms in 80 days. 5XX variety. L 30c

SUMMER CHARM (540 Lins) Large blush, delicately peppered lavender on lip petal. Tall plants with long flower heads. L 2 for 35c; M 3 for 35c

TANYA (440 Lins 1961) A grand blend of light pink, salmon and yellow. The ruffled wide open, beautifully formed florets are well attached and well placed on long flower heads on tall straight plants. Was Champ seedling at the Minn. State Fair Glad Show. Is a commercial prospect, as it opens to last tip bud in water. 5XX variety. L 50c, 5 for \$2.00; M 35c, 5 for \$1.40; Bts. 5 for 50c

WAX CANARY (530 Woods) Large bright shrimp salmon blending to yellow inside. The pink peppering on lip adds to its beauty. L 2 for 35c; M 3 for 35c

BLUE

BLUE PETER (476 White) Deep blue with long flower heads and tall sturdy spikes, which stand up without staking. M 30c; Bts. 12 for 25c

CHINA BLUE (571 All American 1961) The most beautiful light blue. Wide open ruffled light blue with deeper blotch. Tops in every way. 35c, 3 for \$1.00

OBERBAYERN (377 K & M) Deep blue with white heart. Always in demand and stock is scarce. L or M 20c

SALMONS SENSATION Largest and tallest deep blue. Always in big demand. L 2 for 35c, 5 for 70c

VIOLET CHARM (471 Jack) Large light violet with large deep violet blotch. Easily makes champion quality spikes with 8 or more perfectly placed bloom on tall perfect spikes. L 2 for 35c, 5 for 70c

WHITE TOWER

WHITES AND CREAMS

WHITE TOWER (501 Lins) Large heavy textured white with pink blotch.

L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

AMANDA (401 Lins) Just about the tallest, most rugged plants in the field. White with just the faintest suggestion of blush and a pink blotch. Blooms in 100 days.

L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

ARES (301 K & M) This is one of the good performers. Not hard to grow exhibition spikes of Ares. Cream white with red blotch. 5XX variety.

L 2 for 35c; M 3 for 35c

BIRD OF PARADISE (510 Sommer) Big poinsettia shaped bloom in creamy apricot. Something entirely different and very popular. A great novelty. 5XX variety.

See Recent Introductions. L 25c; M 20c

CHRISTMAS COURT (400 Lins) Tall, heavy textured waved and ruffled white. L 2 for 35c

CORSAGE (351 Knight) Heavy textured cream with suggestion of pale rose. Narrow sharply lacinated waved and curled petals.

L 2 for 35c, 5 for 60c; M 3 for 35c;
10 Assorted for \$1.00

DESERT FLOWER (310 Lins) Early blooming ruffled cream with buff lip petal. Stamens art white and is green deep in the throat. L 2 for 35c, 5 for 70c;

M 3 for 35c; 10 Assorted for \$1.00

GRETCHEN (310, 210 Lins) Beautiful chartreuse cream. Perfect spike with beautifully formed ruffled bloom. Fine early cutflower and arrangement flower. 5XX variety. L 2 for 35c, 5 for 60c; M 3 for 35c; 10 Assorted for \$1.00

ISLAND QUEEN (500 Lins) Large white florets with faint peppering of lavender on lip petal. L 2 for 35c

JOAN OF ARC (400 Lins 1961) A new large white that is really white. Tall straight plants with 20-22 bud, 30 inch flower heads with up to 10 open at a time. Most good whites seem cream compared to Joan of Arc. Potential show and cutflower. L \$1.00; M 50c; Bts. 5 for 50c

SILVER SPRAY (400 Lins) Very ruffled heavy textured wide open pure white. Blooms late midseason. Can make exhibition spikes. M 3 for 35c

WHITE ORCHID (400 Lins) Early large orchid shaped white.

L 2 for 35c; M 3 for 35c

YELLOWS AND BUFFS

FAR EAST (415 Lins) Heavy textured light chartreuse yellow with small scarlet spot. Florets are wide open and ruffled. Med. height plants. L 2 for 35c, 5 for 70c

APRICOT BEAUTY (420 Lins) Clean buff. Opens 6-8 5½ inch florets on 17 bud 55-60 inch perfect plants. Florets are mostly in the desirable inverted type. Blooms midseason. Good cut flower.
L 20c, 5 for 80c; M 15c, 5 for 60c

FORT KNOX (416) This is our best large deep yellow cutflower. The bloom is large and the plants husky. Has always been good for us.
L 2 for 35c, 5 for 70c; M 35c, 10 for \$1.00

GOLD (416 Marshall) Heavily ruffled deep yellow. Medium height plants.
L 2 for 35c

KATHY (316 Lins 1960) This new one is a real beauty. Ruffled deep yellow with orange scarlet spot. About the shade of Little Gold, one of its parents but the bloom is larger and ruffled and has a better formed flower. A very beautiful deep yellow. 5XX variety.
L 50c, 5 for \$2.00; M 30c, 5 for \$1.20;
Bts. 10 for 50c

KOLIBRIE (315 K & M) A real flashy number. Bright yellow with contrasty red blotch. One of the best of the so called butterfly type.
L 2 for 35c; M 3 for 35c

MOONLIGHT SONATA (314 Lins) Ruffled chartreuse yellow. Formal 20 bud flower heads on 50 inch plants. The whole spike is in color, either open bloom or buds in color scarce. L 50; M 40c

REWARD (416 Pruitt) The grandest large deep yellow imaginable. The bloom is ruffled, the plants are tall with long flower heads and the color of the beautifully formed bloom is a two toned blend of deep and lighter yellows. Blooms late. We could not ask for any more good qualities except that we would rather have this bloom earlier here. 5XX variety.

L 20c, 3 for 50c, 10 for \$1.35

FAR EAST

PURPLE

KING DAVID (566 Carlson) The best of the large purples. Large ruffled bloom on tall perfect plants. L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

SABLE (366 Lins) Heavily ruffled deep glowing purple. Makes a fine show spike with 8 well placed and well attached waxy bloom on 18-19 bud, 4 foot perfect spikes. The prettiest purple. L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

ORANGE

FIESTA (426 Roberts) A real hot deep orange with large waved and fluted heavy textured florets on long flower heads on strong sturdy plants. Has always been one of our favorites. L 20c; M 15c

MADRID (324 Lins 1962) A seedling of Flame Girl X Trocadero which has a most unusual luminous color. The bright orange color seems illuminated as though fluorescent. A real color novelty which will surprise you. Nothing else like Madrid. L \$2.00; M \$1.00; S 50c; Bts. 25c, 5 for \$1.00

MAINLINER (426 Lins 1959) Distinctively colored large wide open ruffled bloom in velvety orange scarlet. Plants are tall with long flower heads. Floret attachment and placement perfect. Blooms among the early varieties. An excellent early orange for any purpose. 5XX variety. L 20c, 5 for 80c; M 15c, 5 for 60c

ORIENT (424 Lins 1962) One of the most beautifully colored glads. Rich warm creamy orange with perfect color penetration. Florets are wide open and ruffled. Plants are medium height. Is a seedling of Trocadero X Regina and is more beautiful in color and form than either of its parents. Blooms early midseason. L \$2.00; M \$1.50; S 75c; Bts. 25c, 5 for \$1.00

REGINA (424 Palmer) Lovely light orange with small scarlet spot. Large wide open ruffled bloom. Tall rugged plants. One of the most popular varieties. L 2 for 35c, 5 for 70c

TECHNICOLOR (325 Lins 1959) An unusual blend of various shades of orange and salmon with deeper shades toward petal edges. A deep burnt orange blotch gives the 4½ inch heavily ruffled bloom added charm. Something unusual and different. L 20c. 5 for 80c; M 15c, 5 for 60c

THRILL (426 Lins 1960) Big wide open ruffled bloom in a brilliant color blend of orange, salmon and scarlet with the inside of the large upright top petal in pink. Opens 6-8, 5-5½ inch bloom on 18 bud 50 inch plants. Blooms in 85 days. A very brilliant glad. 5 XX variety. L 50c, 5 for \$2.00; M 35c, 5 for \$1.40; Bts. 10 for 50c

SCARLET AND REDS

CARNIVAL (437 Butt) Ruffled bright red with large white throat. Medium plants. Always in big demand. L 2 for 35c; M 3 for 35c

FLAME GIRL (536 Lins) Large ruffled and waved bright scarlet red. Good height plants with long flower heads. Very brilliant. L 20c; M 15c

HEAT WAVE (346 Lins 1960) Early blooming fire red. Opens 8 perfectly placed and well attached wide open brilliant bloom on 50 inch perfect plants. One of the very best reds for any purpose. 5XX variety. L 45c; M 30c, 5 for \$1.20; Bts. 10 for 45c

ROYAL COACHMAN (336 Lins 1959) The best pure scarlet. Absolutely unmarked velvety scarlet. From its parent Spic and Span it inherited the ability to make a perfect 8 open spike with 20 bud flower heads. First class in every way. Blooms in 95 days. Don't miss this. L 45c, 5 for \$1.75; M 30c, 5 for \$1.20; Bts. 10 for 50c

ROYAL GUARD (346 Lins 1962) An exciting new red. A Spic and Span seeding and makes a precise perfect spike in bright red with slight rose cast. Also has a small blue spot in the flower. Blooms in 100 days. M \$1.00; S 50c; Bts. 25c, 5 for \$1.00

KALEIDOSCOPE (481) Quite a novelty. A blend of orange, salmon and yellow with splashes of brown all over the flower. Makes a good spike with 6-8 open bloom in an unusual color. For something different try this.
L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

MRS. M. RAYWARD (581 Australia) Light smoky lavender and creamy undertones. A "clouds at sunset" color blend. 8-5½ inch bloom on sturdy plants. One of the scarce varieties. L 35c; M 25c

OKINAWA (381 Loar) This now replaces Robinson Crusoe, which we had to discontinue because most of its plants came too short. OKINAWA makes a good tall sturdy plant with long flower heads which open 6-8 wide open, heavy textured bloom. Good in all ways. A good tan and brown combination blend with heavy marbling of chocolate. L 20c; M 2 for 30c

PRAIRIE (497 K & M) A startling color. Deep charcoal brown with still darker blotch. The whole bloom is speckled yellow. A very unusual variety. 20c

BELTRAMI

Smoky-Greens and Unusual Colors

PRESTIGE (487 Wenner 1961) An intriguing new smoky in hazy smoky mulberry with large white throat. The florets are nicely formed and the plant, with a 19 bud flower head is sturdy. An unusually fine smoky. Better try this.
L 75c; M 50c

PRUNELLA (508 Stringer) Big smoky plum purple with large prominent deep Yellow throat. L 2 for 35c; M 3 for 35c

THE ROAN (590 Pruitt) Large chestnut red, finely netted and veined white. Makes a good plant with long flower head.
L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

TUNIAS ARISTOCRAT (585 Both) Giant plant and flower in a smoky gray blend with red blotch. 30c

TUNIAS ELITE (Both) Giant plant and flower in a smoky orange blend. 30c

TUNIAS MAHOMET (586 Both) Big plants and flowers in smoky-rosy gray with mild red blotch. 30c

VOO DOO (486 Kadel) Smoky bronze with lighter throat peppered plum. Makes big plants with long flower heads. L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

VOO DUN IT (498 Kadel) A flashy spectacular glad. Large butterfly winged florets in brown, blending to tan. Has a prominent yellow blotch, which is peppered brown over the yellow. An unusual novelty.
L 25c, 5 for \$1.00; M 2 for 35c, 5 for 60c

ZUNI (484 Mitch) Tall husky plants with long flower heads, which open 8 or more florets in a smoky gray lavender with salmon undertones. A spike is a bouquet in itself. L 25c

DEEP REDS AND BLACK REDS

ACE OF SPADES (458 Sisson) Noted for its black buds which open into large black red florets. The tall plants have long flower heads. Quite a novelty but does not appreciate hot weather. L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

BLACK ARROW (358 Lins) The dark maroon noted for its long flower heads. Makes a real show spike of 20 buds with 8 perfectly placed and well attached wide open florets on ramrod spikes. 5XX variety. 90 days.
L 35c, 5 for \$1.40; M 25c, 5 for \$1.00; Bts. 10 for 35c, 100 for \$2.00

BLACK PHANTOM (458 Cave) Tall dark red of subdued rose red cast. Makes good tall spikes with long flower heads. Prefers cool weather.
L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

CONGO (558 Lins) The king of the giant deep maroons. Opens 8, 5½ to 6 inch wide open, perfectly attached and always correctly placed bloom on 55 in. perfect spikes. Substance is so heavy, it can take heat and any weather. The most sensational 500 size black red. Be sure to grow Congo this year.
L 30c, 5 for \$1.20; M 20c, 5 for 80c; Bts. 10 for 30c, 100 for \$2.00

DARK DAVID (558 Morgan) A good deep red. Large silky bloom on good tall spikes. L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

MAHOGANY (458 Lins 1959) Velvety deep maroon. Large ruffled florets in deep mahogany shading darker. Beautiful dark red but stock, due to an accidental mixup, is scarce. L 40c; M 30c

MIGHTY MONARCH (548 Butt) A big deep red, which, where it is happy, can make a tremendous show spike with 10 open on 22-25 bud, yard long flower heads on tall plants. L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

SUMATRA (358 Lins) Rather early blooming ruffled black red. The velvety well attached, florets are well formed and of heavy substance. Opens 5-6 on straight medium height plants. L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

THUNDERBOLT (458 Pierce) Deep dark red in a subdued deep rose red shade. Makes good plants and flower heads.
L 2 for 35c, 5 for 70c; M 3 for 35c, 10 for \$1.00

TREASURE CHEST COLLECTION

If you don't care to grow glads under separate names but still want a garden full of beautiful flowers, order a TREASURE CHEST COLLECTION, which contains all colors and types.

The varieties included would cost much more if bought under name.

Demand for our TREASURE CHEST increases each year!

4X SEEDLING COLLECTION

These seedlings are produced by carefully considered and controlled crosses. At blooming time only a small percentage are marked for propagation. All the rest go into a grand 4X seedling mixture.

Since many new types and new good varieties in all size classifications figure in our breeding program, these seedlings contain something of interest to most everybody.

It's fun growing these seedlings as something different shows up every morning.

You have the right to name and market any seedling found in collections bought from us.

Although we have considerable amounts of these, the demand, the last several years has been such, that late orders could not be filled for them.

White Amaryllis For Easter Flowers

White flowers are traditional for Easter. That is why Easter Lilies are popular but some flower lovers would like the lily breeders develop an Easter Lily with a better formed bloom, one which does not have a long trumpet shaped bloom. The desired form would be a short, broad, wide open bloom such as the new Amaryllis have.

Now you can grow your own, wide open white Easter flowers by growing the new white Amaryllis which have the desired short, broad, wide open bloom. Another point is that Amaryllis bulbs will furnish gorgeous bloom year after year. During the summer the potted Amaryllis go out into the garden, brought into the basement in fall to rest until January or February when they are again ready to amaze and thrill you with gorgeous bloom.

We are now growing young seedling bulbs from the best White Amaryllis. We expect these to be medium sized bulbs and ready for shipment by September, 1962. Fresh dug with all the fleshy roots intact. You pot them and grow them on. Some may bloom the following spring. We expect there will be considerable demand for these, so hope you order NOW if you would like to try them.

Medium Size Bulbs \$1.50, 3 for \$4.00

Why Should We Plant Peonies ?

ENSIGN MORIARTY

HERE ARE SOME REASONS

They are rated among the most beautiful of all plants, both in plant and flower. They are easy to grow. Magnificent flowers may be produced with less care than that given almost any other flower, though they well repay reasonable loving attention. It is long-lived. An established plant will live and bloom for many years.

They Are Hardy In Every State In The Union And In All Of Canada

They may be grown in beds, borders or gardens by themselves or with other plants. They make attractive specimen plants on the lawn or in the garden. The blooms are large, showy, of many forms and colors and long lasting. Many varieties are deliciously fragrant. Disease and insects rarely bother them. They make excellent cut flowers and give beautiful landscape effects. In short it is one of the most useful, beautiful, versatile, and altogether satisfactory plants known.

IT IS TRULY THE KING OF FLOWERS !

PEONIES

The peonies we offer are not the cheap run of the mill varieties, but are the best available today. Most have received the AMERICAN HOME ACHIEVEMENT MEDAL or similar award. They not only have beautiful bloom with a charm all their own but most have strong stems which hold the bloom off the ground.

These famous peonies will grace the finest estate. At a recent major peony show LINS ORIGINATIONS won, against all comers, 4 COLOR CHAMPIONS out of 5 possible. Some were BEST FLOWER IN THE SHOW, several times. Also our originations won sweep stakes for most points. PAUL BUNYAN, besides being CHAMPION DARK PINK in 1961, also was awarded the BOYD MEMORIAL MEDAL.

Peonies can be planted in spring or fall. We have roots in storage for early spring planting. For fall planting, shipment in September and October.

BLUE ROSE (Lins 1957) A large full double deep rose, which carries more blue pigment than any peony we know of. Has a strong sweet rose fragrance. Stems are willowy but adequate. Color, size and fragrance impels those who see it, to want it. \$10.00

BURMA (Lins) Beautifully formed double deep red. At its first showing it won in every class entered. Has won highest honors on the show table and is also a good garden flower. Until the plant is fully established the bloom is a beautiful semi double with golden stamens. Early midseason. \$3.95

CASABLANCA (Lins) A giant full double pure white whose strong stems hold the giant bloom erect. This may sound ordinary but the king size, round, full double bloom must be seen on the plant to realize what a marvelous bloom this can produce. A peony you will be proud to own and a MUST in every good collection. Nothing else like Casablanca. \$4.95

DOLORUDELL (Lins) Giant full double in unfading salmon pink with strong stems which hold the great bloom erect. Won the AMERICAN HOME ACHIEVEMENT MEDAL and other high honors. One of the SUPER peonies, which belongs in every good collection. \$4.95

ENSIGN MORIARTY (Lins) Giant full double dark pink, with strong stems which hold the great bloom erect. On account of its practically perfect form, has been CHAMPION DARK PINK many times. A super peony which is a MUST in every good collection. A grand show flower and one you will be proud to have in the garden. \$4.95

FESTIVAL QUEEN (Lins) A new double yellow with pure white collar and pure white crown. Blooms almost as early as the hybrids. An unusual novelty and the best "yellow" peony we know of. \$4.95

GARDENIA (Lins) Beautifully formed large double blush. Due to its grand form, it was GRAND CHAMPION several times. Some peonies are not good every year but Gardenia is loaded with beautifully formed bloom EVERY YEAR. Blooms early and is one of the finest varieties. Belongs in every fine collection. \$3.95

HAWAIIAN SUNSET (Lins 1958) A new Japanese type peony in rose and creamy gold. The richly colored bloom is carried on strong straight stems on perfect plants. Rich rosy pink with a large center of lacinated creamy gold petaloids. Supply limited. \$10.00

KING MIDAS (Lins) A full double real red, formed like a big red rose. Is the only double red with a perfect rose bud center. The bloom holds its petals, before dropping, longer than most peonies. Its rose form and bright real red color, plus its perfect stems and plants, won for it the AMERICAN HOME ACHIEVEMENT MEDAL. Bloom is medium size. Blooms early midseason. \$3.95

LILAC TIME (Lins 1958) A new Japanese type peony in a new color. A rich mauve lilac. The collar and the center cluster of petaloids are the same rich color. Has long pointed buds which look like long Rose buds. The plants and stems are good. \$8.00

MAUNA LOA (Lins) Large round full double, rather flat bloom in rosy red. The bloom is not too compact, so opens easily, this quality, plus its long stems, make it a prospect for the commercial cut flower market, where an easy opener is a must. Blooms quite early. \$3.95

MARY L (Lins) A medium large full double, high built white with tops of petals in some bloom touched with red. The heavy textured bloom is carried on strong stems on good plants. AMERICAN HOME ACHIEVEMENT MEDAL WINNER. Blooms late midseason. \$3.95

OLD LACE (Lins) This is not a show flower but a grand garden flower. The very large bloom is ivory blush. Flowers often 9 inches across and full double. Can take heat, in fact is at its best in the hot sun. Stems are long and willowy. Blooms early and is a grand commercial cut flower. Old Lace has always been one of our favorites. \$3.95

PAUL BUNYAN (Lins 1957) A very large beautifully formed full double, in unfading deep flame pink, which looks like a giant rose in form and beauty. Its large outer petals help hold its good form even after it is open days. Was awarded the AMERICAN HOME ACHIEVEMENT MEDAL. Was CHAMPION DARK PINK in 1959-1960-1961, also in 1961 it won the coveted BOYD MEMORIAL MEDAL by the Penn. Horticulture Society, for its excellence. A peony, even the most critical will be proud to own. Good in every way. Blooms late midseason. \$15.00

RAMONA LINS (Lins) Another super peony, regarded by experts, as an all time great. The giant well formed bloom is delicate blush with Solange undertones. The large bloom is held erect on strong stems. Blooms late midseason. This must be seen on the plant to realize what a magnificent bloom this can produce. Regarded as one of the most beautiful peonies and a MUST in every fine collection. \$4.95

RED CHARM (Hybrid) (Glascok) The best double red hybrid. Is wonderful in every way. Big red bomb, which looks as if made of plastic. We won the Grand Champion Ribbon with it in 1960. Due to the peculiar root formation, a good root with 1 or 2 eyes, is considered a good division. Being a hybrid it naturally blooms early. \$10.00

ROSE UNIQUE (Lins) A sister seedling of the famous TONDELEYO but in a deeper rose shade. A tall full double dark rose. A rugged peony that can take rough weather. \$3.95

ROSEMARIE LINS (Lins 1961) This new peony is about as perfect as one could wish a peony to be. The form of the heavy textured full double bloom is about perfect as the photograph of it shows. The exquisite bloom is carried on strong straight stems on perfect plants. The color is blush white. Was awarded the AMERICAN HOME ACHIEVEMENT MEDAL. Blooms late midseason, just right for the show. STOCK LIMITED — Not available before Sept., 1962. \$20.00

SUMMER CHARM (Lins 1961) When this was first shown as a seedling it was awarded a FIRST CLASS CERTIFICATE. That fall the plants were divided for propagation. In 1961 we saw this bloom again on established plants. We regard SUMMER CHARM as one of our best peonies. Full double, beautifully formed, heavy textured bloom in a color which suggests the color of the rose PEACE. Plants are good. Blooms late, in fact when our other peonies are bloomed out this is in its prime. Not recommended for the deep south. \$5.00

TONDELEYO (Lins) A beautiful full double, in unfading flame pink with unusual fire and brilliance. Color is so unusual it can be spotted across the field. Blooms quite early on good plants. Its strong stems hold the bloom erect. \$3.95

TOWN TALK (Lins 1960) A large full double baby pink with petals blending to yellow deep in the bloom. Has a FIRST CLASS CERTIFICATE. Blooms late midseason. Stock is limited. \$5.00

TULAGI (Lins) A beautiful early blooming red Japanese type peony which makes a wonderful lawn plant even when not in bloom. Early in the peony season it is covered with large saucer shaped red bloom with a large center cluster of richly colored petaloids in deep mahogany. \$3.95

VALENCIA (Lins) A high built full double bright red on a medium plant with good stems. Was CHAMPION RED, also was awarded a BRONZE MEDAL by the peony society. \$3.95

WAIKIKI (Lins 1959) Another beautiful new Japanese type peony in deep cerise rose and flame salmon. The large heavy textured well formed bloom is carried on perfect stems on perfect plants. A rich deep cerise rose with large center of lacinated petaloids in flame salmon, tipped and edged in gold. A sister seedling of Hawaiian Sunset. Supply Limited. \$8.00
